Sir:

Applicants respectfully request consideration of this Petition Under 37 C.F.R. § 1.47(a) to accept an inventors' Declaration in the above-referenced patent application that was signed by fewer than all the inventors, when the non-signing inventors could not be reached after diligent effort. A copy of this inventors' Declaration, signed by inventors Paul Andrys, Hugh J. Finley, David Ripley and Terry Shie is submitted herewith. Also submitted herewith in support of this Petition is a Declaration of Gregory B. Gulliver, averring pertinent facts relating to diligent but unsuccessful attempts to reach the remaining non-signing inventors, Mark Bloom and Kevin Hoheisel. The petition fee set forth in 37 C.F.R. § 1.17(g) is also submitted herewith.

The above-referenced patent application is a continuation of Application No. 09/693,398. Thus, in accordance with 37 C.F.R. § 1.63(d)(1), the above-referenced inventors' Declaration submitted herewith is a copy of that which was filed in the parent (Application No. 09/693,398).

The last known addresses of the non-signing inventors are:

Mark Bloom: 1142 E. Canyon Way
Chandler, AZ 85249-3140

Kevin Hoheisel: 1068 Cress Parkway
Hiawatha, IA 52233-1838

It is respectfully submitted that the Declaration of Gregory B. Gulliver establishes that the non-signing inventors could not be reached after diligent effort. Accordingly, it is respectfully requested that this Petition Under 37 C.F.R. § 1.47 (a) be granted.

Respectfully submitted,
